APPLICATION FOR PATENT**

Sir:

On September 4, 2003, a Petition for Revival of Application for Patent Unintentionally Abandoned under 37 CFR 1.137(b), together with the required Terminal Disclaimer, were filed by facsimile with the PTO. Copies of these documents are attached hereto. Pursuant to a telephone conference with Charles Steven Brantley (Senior Petitions Examiner) on 11/30/04, the foregoing described documents are being re-transmitted, per his request.

No further fees are believed due, but authorization is hereby given to charge any necessary fees to Deposit Account No. 13-5135.

Prompt action on this long-pending application is earnestly solicited.

Respectfully submitted,

PETITION FOR REVIVAL OF APPLICATION FOR PATENT  
UNINTENTIONALLY ABANDONED UNDER 37 CFR 1.137(b)

Sir:

Applicant hereby petitions for revival of the above-identified application. The entire delay in filing the required reply from the due date for the required reply until the filing of this petition under 37 CFR 1.137(b) was unintentional.

A Notice of Allowance and Issue Fee Due was mailed on May 1, 2002. Authorization to pay the Issue Fee was timely mailed on July 17, 2002, but the application subsequently became abandoned because of an alleged shortage of funds in the authorized deposit account.

Subsequently, even though the PTO did not restore the application from its abandoned status, the issue fee of \$1,280 was charged to the authorized deposit account on October 3, 2002. A copy of the Deposit Account Statement for October 2002 is attached hereto as evidence of that charge. Thus, the Commissioner is hereby authorized to charge the petition fee (\$1300) under 37 CFR 1.17(m) to Deposit Account No. 13-5135, as well as \$20 to cover the difference between the issue fee charged in October 2002 and the issue fee of \$1,300 due now, and the terminal disclaimer fee of \$110 due under 37 CFR 1.20(d). No other charges should be necessary.

A terminal disclaimer, required since the subject application was filed prior to June 8, 1995, is attached hereto.

The application should now be in condition for issuance, and prompt action is
